RE: 2009 INCOME TAX FORMS T5013/Relevé 15/ U.S. Form 1042-S

February 19, 2010

Dear Brokerage Representative:

On February 19, 2010, Fort Chicago Energy Partners L.P. (“Fort Chicago”) transmitted to the CDS web site tax information for the preparation of the Federal **T5013** and, if applicable, Quebec **Relevé 15** for 2009. You can access this information by going to the following address: www.cdsinnovations.ca/t3

You are required to forward a **T5013** and **Relevé 15**, if applicable, to your taxable clients who hold Class A Units of Fort Chicago (“Units”) outside of tax deferred savings plan (i.e., RRSP, RRIF) no later than March 31, 2010. The information required to complete these forms is all included on the CDS web site.

A limited partner’s share of Fort Chicago’s taxable income or loss is calculated pursuant to the Partnership Agreement. These allocations are determined based on the cash distributions that the limited partner received in respect of the fiscal year, which are based on the unitholders of record on the last day of each month, or if not a business day, then on the preceding business day. Distributions made for the fiscal year ended December 31, 2009 are those that were made in respect of the following record dates:

Record Date	Amount
January 30, 2009	\$0.0833
February 27, 2009	0.0833
March 31, 2009	0.0833
April 30, 2009	0.0833
May 29, 2009	0.0833
June 30, 2009	0.0833
July 31, 2009	0.0833
August 31, 2009	0.0833
September 30, 2009	0.0833
October 30, 2009	0.0833
November 30, 2009	0.0833
December 31, 2009	0.0833
	\$0.9996

A preparation guide, with an example, is attached to assist you in the completion of the T5013. The guide uses the per-unit factors available from the CDS website and assumes that an investor held 10,000 units on each of the record dates specified above. The information provided will also allow you to prepare the Québec Relevé 15 for any limited partners that require this form. A separate letter addressed to the limited partners is also included to assist them in reporting the information on their T5013 and Relevé 15, if applicable, in their tax returns. While you are under no obligation, **we strongly encourage you to forward the unitholder letter with the tax forms.**

If you have to modify data sent on the T5013 or Relevé 15, please print AMENDED on the top of the new form and indicate in Box 5 of the T5013 that it is an amended slip.

In addition to the two Canadian forms discussed above, the qualifying intermediary is required to file a U.S. Form 1042-S by U.S. law with the Internal Revenue Service for amounts subject to reporting.

Should you require additional information, please contact Fort Chicago's investor relations personnel at (403) 213-3633 or investor-relations@fortchicago.com.

Yours truly,

Fort Chicago Energy Management Ltd.,
the General Partner of
Fort Chicago Energy Partners L.P.

Note 4 -Foreign tax paid on business income

Fort Chicago has ownership interests in U.S. businesses, which are capitalized with a combination of debt and equity. For U.S. tax purposes, Fort Chicago therefore earns, from time to time, U.S. source dividend and interest income. To the extent applicable, U.S. tax rules require Fort Chicago to withhold U.S. taxes based on the taxable status of its Unitholders provided that the Unitholder has completed a valid Form W-8. If a valid form W-8 has not been completed, Fort Chicago may be required to withhold 30 percent on such U.S. source income. Any tax withheld in excess of the reduced rates provided for under the treaty between the United States and Canada (the "Treaty") will not be eligible for Canadian foreign tax credit purposes and is not deductible.

U.S. source dividends and U.S. source interest allocated to tax exempt unitholders should not be subject to U.S. withholding tax under the Treaty.

Box 81 (RL15 Box 17) - foreign tax paid on non-business income

This box should generally be zero for all unitholders.

U.S. source interest allocated to taxable unitholders owning less than 10 percent of Fort Chicago's Units should be exempt from U.S. withholding tax under what is referred to as the portfolio interest exemption. If a taxable unitholder does not qualify for this exemption, they should generally qualify for a reduced U.S. withholding tax rate of zero percent under the Treaty.

Box 82 (RL15 Box 18) - foreign tax paid on business income

U.S. source dividend income allocated to taxable unitholder owning less than 10 percent of Fort Chicago's units should qualify for a reduced withholding tax rate of 15 per cent under the Treaty (5 percent for certain corporate unitholders owning more than 10 percent of Fort Chicago's units).

For illustrative purposes, the following example assumes that an investor held 10,000 units on each 2009 record date:
